

2002 MICHIGAN ANTLERLESS DEER HUNTING GUIDE

Application Period July 1–August 1, 2002

Apply online at www.michigan.gov/dnr

Important Changes for 2002:

- Only public land antlerless deer licenses will be available by lottery.
- Private land antlerless deer licenses will be sold over the counter beginning August 2.
- Baiting, where permitted, is restricted to two gallons statewide.
- Minimum acreage requirement is eliminated. No property tax number needed.
- DMU 052 incorporated into other DMUs.
- No leftover public land antlerless deer licenses will be sold following the drawing.
- Two kill tags will be issued with each antlerless deer license purchased for special regulation DMUs in northeast Lower Peninsula.

Public Land Drawing Results

Applicants who are successful in the drawing, except those who applied online, will be mailed a postcard by September 11. If successful, you may go to an authorized license dealer to purchase your antlerless deer hunting license, or you may purchase your license online. Online customers will receive their license by mail within seven days. **Note:** Unsuccessful applicants will not be notified. If you applied in the drawing and do not receive a postcard in the mail, please go to the DNR Web site to check your result before calling customer assistance.

Drawing results will be available September 4 at 10 a.m.
at www.michigan.gov/dnr

Assistance

If you encounter problems with your antlerless deer application, you can obtain assistance by calling 517-373-3904. All inquiries regarding your application must be made prior to August 1. Following the drawing, you can call this number if you also need assistance with purchasing your license.

Tagging Option for Antlerless Deer Hunters

An antlerless deer hunter, with unused kill tags valid for both an antlered and antlerless deer for the DMU in which they are hunting, **may** tag a male antlerless deer with an antlered deer license (firearm, archery or either combination license) appropriate for the season in which hunting. A male antlerless deer, often called a "button buck," means a deer with antlers where the longest antler extends less than three inches above the skull.

Turn in Your Deer Heads

If you take a deer in any season in the following counties in the northern half of the Lower Peninsula, we are asking that you turn in your deer's head at any DNR office for free tuberculosis testing.

Alcona, Alpena, Antrim, Arenac, Bay, Benzie, Charlevoix, Cheboygan, Clare, Crawford, Emmet, Gladwin, Grand Traverse, Iosco, Isabella, Kalkaska, Lake, Leelanau, Manistee, Mason, Mecosta, Midland, Missaukee, Montmorency, Newaygo, Oceana, Ogemaw, Osceola, Oscoda, Otsego, Presque Isle, Roscommon, Wexford

Hunters, Learn to Identify “Button Bucks”

Each year many hunters harvest buck fawns, commonly called “button bucks” on antlerless deer licenses. Though perfectly legal, harvesting these deer reduces the number of bucks for the future. By learning the difference between adult does and buck fawns and observing these suggestions, hunters can increase the number of buck fawns that will survive to become mature bucks.

- Do not take an antlerless deer that appears alone. Adult does rarely travel alone.
- Wait until several deer are together; then harvest one of the larger antlerless deer.
- Look at body shapes of deer. Adult does are different in shape from juvenile deer. The mature doe is rectangular in shape with a long neck and face. Fawns are square shaped and have a short neck and face.
- If two juvenile deer are without an adult, one probably will be a button buck. Normally the young male is larger than the female and may be mistaken for an adult doe because of its larger size. Look at the heads of the deer. A doe's head normally is more rounded on top between the ears because a buck's head is flattened by the base of the antlers.
- Look closely with binoculars for the antler bases on button bucks to avoid harvesting these deer.
- Wait until the deer are standing or moving slowly. It is easier to identify sex and age when deer are not running or moving fast.
- Shoot with good visibility. Poor light or heavy cover make it difficult to determine sex and age.

Antlerless Deer License Costs

Item No.	Name	On Sale	Cost
150	Antlerless Deer Application (Public Land Only)	7/1–8/1	\$4.00
153	Deer Antlerless Junior License	7/1–8/1	\$7.00
154	Deer Antlerless Private Land OTC Resident License*	8/2	\$7.00

152	Deer Antlerless Nonresident	9/14	\$70.00

OTC — Over the counter

*Beginning August 2, all private land antlerless deer hunting licenses will be sold over the counter.

Statewide, hunters may purchase one private land antlerless deer license each day until the quota is reached. There is no limit on how many a hunter can purchase for the season.

Special Antlerless Deer Seasons

Youth Firearm Deer Season

There is a youth firearm deer season on September 28–29, 2002, on all lands in Michigan. Youths 12–16 years of age may take one deer during this special two-day season. Youths 12 and 13 are restricted to archery-only hunting.

Any deer license (regular, combination or antlerless) or DMA permit authorizing the youth to take a deer with a firearm, may be used if issued for the area/land upon which hunting. The youth must be accompanied by an adult at least 18 years of age or older. An adult accompanying a youth firearm deer hunter cannot possess or carry a firearm or bow and arrow and does not need a deer hunting license. All youth hunters are required to wear Hunter Orange.

Early Antlerless Firearm Deer Season in DMU 055

There will be an early antlerless firearm deer season on private land in DMU 055 in the Upper Peninsula. This season begins September 21, and runs through September 27, 2002. All deer hunters are required to wear Hunter Orange prior to October 1.

Early Antlerless Firearm Deer Season in Special Regulation Counties

There will be an early firearm antlerless deer hunting season on private land in Alcona, Alpena, Crawford, Montmorency, Oscoda, Otsego and Presque Isle counties. This season begins October 12, and runs through October 20, 2002.

During both early firearm seasons, only antlerless deer on private land may be taken. You must have permission from the landowner or leaseholder before hunting on private land and all recreational trespass laws are in effect. You may hunt with a bow and arrow or firearm. All firearm hunters must wear Hunter Orange and must be 14 or older. You must have an unused antlerless deer license (or DMA permit) issued for the appropriate DMU to hunt deer during these seasons.

Note: DMA permits are not stand-alone licenses. To hunt deer with a DMA permit, you must have purchased a regular firearm, combination, archery or antlerless deer license for the season in which you are hunting.

Late Antlerless Firearm Deer Season in Special Regulation Counties

There will be a late firearm antlerless deer hunting season on private land in Alcona, Alpena, Crawford, Montmorency, Oscoda, Otsego and Presque Isle counties. This season begins December 23, 2002, and runs through January 1, 2003. During this season, only antlerless deer on private land may be taken. Permission is required from the landowner or leaseholder. You may hunt with a bow and arrow or firearm. All firearm hunters must wear Hunter Orange and must be 14 or older. You must have an unused antlerless deer license (or DMA permit) issued for the appropriate DMU to hunt deer during this season.

Late Antlerless Firearm Deer Season

There may be an antlerless deer season in additional areas of the state beginning December 23, 2002, through January 1, 2003. See the 2002–2003 Michigan Hunting and Trapping Guide for details.

An Important Message Regarding the Use of Bait

Hunters are prohibited from using bait for deer hunting in Alcona, Alpena, Crawford, Montmorency, Oscoda, Otsego and Presque Isle counties. The use of bait is permitted in the remainder of the state, but the volume of bait is limited to two gallons per day at any one hunting location. This restriction applies statewide. Baiting may occur only from October 1, 2002 through January 1, 2003. Check the 2002–2003 Michigan Hunting and Trapping Guide or go to www.michigan.gov/dnr for a complete list of baiting regulations.

Application Information

Public Land Only

- You must be 12 years old by the time a license is purchased.
- Review application guide and follow instructions under How to Apply.
- You must pay a \$4 nonrefundable fee at the time of application.
- You may apply
 - at any authorized license dealer
 - at DNR Operations Service Centers
 - online at www.michigan.gov/dnr
- To apply, you will need one of the following forms of identification:
 - Valid Michigan Driver License

Online customers will receive their license by mail within seven days. You do not need to have your notification card with you when you purchase your license.
 - All licenses must be signed to be valid.
 - Your signature on the license certifies that you meet applicable residency and hunter safety requirements to purchase a Michigan hunting license.
 - Licenses may not be altered or transferred.

Antlerless Deer Hunting License

This license entitles residents and nonresidents 12 and older to take an antlerless deer or deer with antlers less than three inches in length within the deer management unit specified on the license. Antlerless deer licenses are valid during all deer seasons with hunting equipment appropriate for the season and hunting zone. The antlerless deer license is a stand-alone hunting license. No additional license is necessary to be legally afield. It is illegal to use an antlerless deer license to tag a deer with antlers three inches or more in length.

There are two types of antlerless deer hunting licenses: public land and private land.

A **public land** antlerless deer hunting license is valid for taking antlerless deer from public lands, including state, federal and county lands, open to hunting within the deer management unit specified on the license or upon lands within the DMU that are enrolled as Commercial Forest Lands.

A **private land** antlerless deer hunting license is valid for taking antlerless deer only from any privately owned lands within the deer management unit specified on the license with permission of the landowner or upon lands within the DMU that are enrolled as Commercial Forest Lands.

Junior Antlerless Deer Hunting License

Young hunters, ages 12 to 16, may purchase one antlerless deer hunting license over the counter July 1 through August 1, 2002. **No application fee or drawing is required.** These licenses are available only in deer management units open to the taking of antlerless deer. These licenses may be purchased for either public or private land. A youth must appear in person with a parent or guardian to purchase the Junior Antlerless Deer Hunting License. Youngsters 12 and 13 are restricted to archery-only hunting. Nonresidents under 17 are allowed to purchase resident licenses.

Antlerless Deer License Quotas

Antlerless deer license quotas are available on-line.

Harvest quotas are based upon the management objectives for each DMU and are expected to result in a harvest of more than 300,000 antlerless deer in all seasons.

The Federal Aid in Wildlife Restoration Act places an excise tax on firearms, handguns, ammunition and archery equipment. The U.S. Fish and Wildlife Service apportions these funds to state wildlife agencies to be used for wildlife management, research, habitat acquisition, game area and shooting range development and hunter education. Since its inception in 1937, Michigan's share of the Wildlife Restoration funds has reached almost \$150 million.
